

## **CORPORATE COMPLIANCE PROGRAM**

This facility's Corporate Compliance program is designed to ensure compliance with all applicable laws, rules, regulations and other directives of the federal, state, and local governments, departments and agencies.

In meeting those expectations, the facility has a reporting and corrective action process for perceived and actual violations of the Compliance Program, the facility's policies and procedures and all applicable laws and regulations.

The facility's Compliance & Ethics Officer is responsible for investigating compliance reports and ensuring appropriate follow up. Should you have a concern, please contact our Compliance Officer or Compliance Hotline.
